

**Q:** Will you bill my **insurance** for me?

**A:** Yes! We will submit insurance claims to ALL insurance providers. Brilliant Life Chiropractic may not be a “preferred provider” with your insurance company, but many plans and policies allow for “out of network” coverage. We will call to verify your specific benefits before you start care here.

We also understand that not everyone has or chooses to utilize insurance coverage for their chiropractic care. We have very reasonable cash rates, as well as packages of adjustments and monthly plans to help make care even more affordable for individuals and families. We want everyone to experience the benefits of wellness chiropractic adjustments – whether they have insurance coverage or not!
